FROM: SELECT COMMITTEE ON CHARTER REFORM

SUBJECT: UPDATED CHARTER REFORM (Draft Three)

Over the past several months, the Select Committee on Charter held an extensive public review and participation process on the proposed new Charter. The Select Committee is composed of three members of the Board of Supervisors.

The Select Committee used the draft from last year's consideration because members of the Board believed that there was much in the document that had general support. Last year's document was based on the 1980 Charter proposal created by an elected Charter Revision Committee.

This year, the Select Committee on Charter Reform:

- Retained full-time legal counsel; provided by Deputy City Attorney Tom Owen.
- Held five meetings in the neighborhoods at night.
- Held four mark-up and several other public sessions of the Select Committee.
- Proposed and considered over 100 amendments/revisions to the proposed Charter. All proposed amendments/revisions appeared on the printed meeting calendars -- the first time a committee of the Board of Supervisors actually published in advance amendments being considered.
- Distributed over 3,000 Charter packets, which included a copy of the proposed Charter, the City Attorney's Side-By-Side Analysis, and the Budget Analyst Report.
- Distributed 2,500 copies of the Select Committee's Special Mark-Up Meeting agenda.

Page Two

In addition, members of the Select Committee received oral testimony, written comments and other feedback from hundreds of San Franciscans on the proposed Charter. Members of the Select Committee met individually with dozens of community groups and individuals, or participated in three labor meet-and-confer sessions.

Following the extensive public process and deliberations, the Select Committee has produced an updated proposed Charter (Draft Three). A copy of this draft is attached, along with the City Attorney's updated Side-By-Side Analysis and a separate City Attorney report of the changes made by the Select Committee. An updated Budget Analyst report is also provided for your review. Finally, a copy of the Select Committee's next meeting -- set for July 11, 1995, at 10:00 a.m. -- is attached.

The Select Committee continues to welcome your comments and suggestions. Should you have any questions, or need further information, please contact Rosemary Little-Horanzky, Clerk for the Select Committee, at 554-4447.

SIDE-BY-SIDE COMPARISON OF
1932 CHARTER AND THIRD DRAFT

Current

Proposed

ARTICLE I:
EXISTENCE AND POWERS OF THE CITY AND COUNTY

No significant differences between 1932 Charter and the proposed revision.

ARTICLE II:
LEGISLATIVE BRANCH

General composition, powers and organization of the Board of Supervisors would remain the same. The Board's legislative procedures would also remain the same. The salary of supervisors would remain fixed in the Charter at \$23,924 per year.

Non-Interference In Administrative Affairs

The Board of Supervisors and Board members are prohibited from interfering with the day-to-day operations of City departments, including, but not limited to, personnel and contract decisions.

The Board may adopt resolutions making non-binding recommendations to the departments on administrative matters.

The same non-interference provisions would apply, with two exceptions. First, individual supervisors would be allowed to testify at a public meeting of another board or commission on matters other than specific contract or personnel matters.

Second, the Board could adopt ordinances on matters other than specific contract or personnel matters.

Public Meetings and Records

The Charter only requires open meetings of the Board.

The revision would still require open meetings, but would also require the Board to adopt and maintain a Sunshine Ordinance to provide public access to meetings, documents, and records.

Clerk of the Board

The Clerk of the Board is selected and removed through the civil service system.

The Clerk would serve at the pleasure of the Board, except that the incumbent Clerk at the time the revision is adopted would retain his or her civil service tenure.

Current

Proposed

Legislative Aides

Each Board member now has two aides. One aide is an "administrative assistant" and is exempt from civil service. The other aide is a "legislative assistant." A "legislative assistant" is a civil service position, but these positions have been filled by temporary appointments due to the lack of civil service lists.

Each Board member would have two staff members. Both of those positions would be exempt from civil service.

ARTICLE III:
EXECUTIVE BRANCH -- OFFICE OF THE MAYOR

General powers, functions and duties of the Mayor would remain the same, with the following changes:

Rates and Fees

Many departmental rates and fees are set exclusively by the governing board or commission.

Boards and commissions would recommend rates and fees to the Mayor. The Mayor could change these rates and fees before submitting them to the Board of Supervisors for adoption. Port, Airport and garbage rates and fees would not be covered by these provisions.

Mayor's Emergency Powers

The Mayor may take all necessary actions to meet a public emergency, but must get the concurrence of the Board of Supervisors, both as to the need to declare an emergency and the actions taken.

The Mayor's emergency powers would remain unchanged.

Mayor's Budget Authority

Commissions and departments prepare their own budget requests. The Mayor consolidates those proposals and submits a proposed budget to the

Boards and commissions would continue to prepare and approve the budgets for their departments. The Mayor would then prepare

Current

Board of Supervisors. Though the the Mayor may cut departmental budget proposals, he or she may only increase a department's proposal with the approval of the board or commission.

Proposed

the annual budget for the City as a whole, and would have the authority to add or subtract from the budget approved by a board or commission.

Mayor's Commission Appointment Power

The Mayor generally has the exclusive power to appoint commissioners. The Board generally plays no role in this process.

The Mayor would still appoint commissioners, and those appointments would take effect immediately. But the Board would have the authority to reject those appointments within 30 days.

Commissioners - Term and Tenure

Most commissioners are appointed by and serve at the pleasure of the Mayor. The Board of Supervisors plays no role in that process.

The provisions for appointment and removal of commissioners would remain the same, except for the Board's power to reject appointments within 30 days.

Members of the Airport, Port, Public Utilities, Health, Recreation and Park, Ethics, Juvenile Probation and Civil Service Commission can only be removed in the same manner as elected officials: written charges are filed by the Mayor, a hearing is held before the Ethics Commission and the Board of Supervisors votes whether to remove the official. Social Services commissioners may only be removed for cause, and are entitled to a hearing before the Mayor.

In making appointments, the Mayor would be required to identify the appointee's qualifications and explain how the appointee represents the community interests, neighborhoods and diverse populations of the City. Commissions must be broadly representative of the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, and sexual orientation of the City and have representation of both sexes.

Appointment and Removal of Department Heads

Except for the Department of Human Resources and the Port, department heads under commissions appointed by the Mayor are selected and removed by the board or commission.

Commissions would submit the names of three qualified candidates to the Mayor, who would appoint a department head from that list.

Current

The Port Director and the Director of Human Resources are appointed by the Mayor from a list of candidates prepared by their respective commissions. The Port Director serves at the pleasure of the Commission. The Director of Human Resources serves at the pleasure of the Mayor, but his or her removal may be rejected by a four-fifths vote of the Civil Service Commission.

Proposed

Department heads would be removed by the commissions, but the Mayor could recommend that a department head be removed and the commission would be required to accept or reject the recommendation within 30 days. The Chief of Police could be removed by either the Mayor or the Police Commission. Provisions governing removal of the Port Director and the Director of Human Resources would remain the same.

Mayoral Appointments Outside the Merit System

The Mayor has the ability to make only 2 or 3 civil service exempt appointments in his or her office. Historically, the Civil Service Commission has not given examinations to qualify candidates for other positions in the Mayor's office. Thus, most of the Mayor's staff members occupy temporary positions because there is no list.

All supervisory and policy level staff in the Mayor's office would be appointed by and serve at the pleasure of the Mayor.

Chief Administrative Officer/City Administrator

The Chief Administrative Officer manages those City "business" functions not placed under a board or commission. These functions include public works, purchasing, risk management, real estate, electricity, coroner, agricultural commissioner/sealer of weights and measures, convention facilities and public administrator. In addition, the CAO appoints the Registrar of Voters and the Recorder. Many of the heads of these departments are civil service exempt appointees. The Registrar of Voters and the Director of the Department of Real Estate, among others, are civil service appointees.

The Mayor would appoint a City Administrator to a five-year term. This appointment would be subject to confirmation by the Board of Supervisors. The City Administrator could only be removed by the Mayor subject to approval by the Board.

The City Administrator would immediately succeed to most of the powers of the Chief Administrative Officer. The incumbent CAO would become the City Administrator when the Charter revision became effective, and would serve for 5 years from date of his or her initial appointment.

The City Administrator would, with the concurrence of the Mayor,

Current

Proposed

appoint and remove the Public Guardian/Administrator, and the directors of the Departments of Administrative Services (new), Solid Waste, and Public Works. The City Administrator would also appoint the Director of the Department of Elections pursuant to civil service provisions of the Charter.

The Director of the Department of Elections would continue to have exclusive control over elections and could only be removed for cause with a right of appeal to the Civil Service Commission. The City Administrator would: administer policies and procedures regarding bonded and long-term indebtedness, procurement, contracts, and building permits; supervise budget preparation; and coordinate capital-improvement projects, except for those under the Port, Airport, Public Utilities and Transportation Commissions.

Reorganization

The Mayor, CAO and each board or commission may reorganize matters placed under their jurisdiction. However, there is no authority for inter-departmental transfers of functions and duties or for reorganization, other than the Board's power to create or abolish departments.

The Mayor would have the power to reorganize the executive branch, including interdepartmental transfers of functions and powers not specified in the Charter, unless the action is disapproved by the Board of Supervisors within 30 days. This power would not extend to departments headed by elected officials such as the Sheriff or the Treasurer. (Under state law, affected employees have a right to meet and confer with the City when their jobs are shifted as part of such changes.)

Current

Proposed

Controller

The Controller is the chief fiscal officer of the City. The Controller's powers include: (1) the power to freeze spending when departments overspend or revenues do not meet projections, (2) certifying whether funds are available for a supplemental appropriation, (3) certifying whether funds are appropriated and available before a contract may be binding on the City.

The Controller's functions would not change. Although some administrative detail has been removed from the Charter, basic safeguards over City finances are retained. A significant new function given to the Controller is the preparation of an opinion addressed to the Mayor and the Board assessing the reliability of the revenue estimates in the proposed budget.

ARTICLE IV:
EXECUTIVE BRANCH -- BOARDS, COMMISSIONS, AND DEPARTMENTS

Powers of Commissions

Specifies the powers of all commissions. These powers include general control over the commission's operations as well as organization and management of the department. In addition, many functions of commissions are delineated. Neither the Mayor nor the Board may dictate how a commission should organize or manage the department.

Specific details of the functions, powers and duties of some commissions would be transferred to the Administrative Code. Responsibility for the day-to-day management and administration of the departments would generally be transferred from the commissions to a department head. Departmental operations would be subject to applicable ordinances. The Board of Appeals, Planning Commission, and the Asian Art, War Memorial and Fine Arts commissions would generally retain their current Charter-conferred powers.

The authority of commissions to set plans, policies and goals for each department would be retained, but would now be subject to the authority of the Mayor and the Board to set overall objectives for the City and County through the adoption of ordinances.

Current

Proposed

Planning Commission

Includes ex officio positions for the CAO and the General Manager of the Public Utilities Commission.

All seven members would be appointed by the Mayor.

The City's Master Plan is adopted by the Planning Commission.

The Master Plan, renamed the General Plan, would be recommended by the Planning Commission and approved by the Board of Supervisors.

Board of Appeals

The right to appeal a permit decision is granted to virtually anyone, and the Board of Permit Appeals hears the matter de novo.

The Board of Appeals' powers would remain basically unchanged. Decisions of the Zoning Administrator would continue to be subject to appeal before the board.

Commission on the Environment

No such commission

The new Commission and Department would have responsibility to: (1) regularly assess the City's environmental conditions, (2) review and make recommendations on any policy, except for those policies relating to building and land use, regarding conformity with long-term plans for environmental sustainability, (3) investigate and make recommendations to all City agencies relating to environmentally-related functions, and, (4) conduct public education and outreach on environmental issues.

Commission on Aging

Not mentioned in charter, but created by ordinance.

The Commission would now be placed in the charter.

Current

Proposed

Police and Fire Departments

The Charter sets forth many details of the structure and operations of of the Police and Fire Departments.

Many of these details would be converted to ordinances and moved to the Administrative Code.

The Police Department would still have the basic duty and authority to preserve the public peace, prevent and detect crime, and protect the rights of persons and property by enforcing the laws.

Provisions relating to Office of Citizen Complaints, district stations, the police staffing charter amendment adopted in June of 1994, and patrol specials would be retained in the proposed revision. Patrol specials would now be subject to oversight by the OCC in the same manner as police officers.

The Fire Department would still have the basic duty and authority to enforce all applicable laws pertaining to the protection from and the prevention, suppression, control and investigation of fires.

Recreation and Park Department

The Charter prohibits the sale or lease of park property for non-recreational uses; the voters could override that restriction by amending the Charter.

These revision would also prohibit the sale or lease of park property without voter approval.

The Charter also requires a two-thirds vote of the Board of Supervisors to construct or enlarge a building in Golden Gate Park.

The revision would retain this requirement unchanged, and extend the requirement to any proposed structures in Union Square Park.

Department of Administrative Services

The Department of Governmental Services under the Chief Adminis-

Proposed

Services, headed by a Director of Administrative Services. The Director would be appointed and removed by the City Administrator with the concurrence of the Mayor. The Director would carry out the duties of the City Purchaser and manage City property not placed by the Charter under a specific board or commission.

Department of Public Works

The Department of Public Works is under the supervision of the Chief Administrative Officer. The Charter includes certain details about the the structure and operations of the department.

The City Administrator would have control over the Department of Public Works unless that responsibility was re-assigned. Most detail relating to the Department of Public Works currently in the Charter would be converted to ordinance and transferred to the Administrative Code.

ARTICLE V:
EXECUTIVE BRANCH -- ARTS AND CULTURE

Asian Art and Arts Commissions
and War Memorial and Fine Art
Museums Boards of Trustees

These Commissions manage the departments under their jurisdiction.

These provisions would be generally unchanged. The commissions would retain their tenure and appointment provisions. They would also retain the power to appoint and remove department heads, directors, and, for the Asian Art and Fine Art, such executive and administrative positions as may be necessary.

The Charter makes no specific provision for community cultural centers.

The Arts Commission would be responsible for supporting the City-owned community cultural centers. The City would be required to allocate sufficient

Current

Proposed

funds from the property tax to support the operations of the City-owned community cultural centers.

ARTICLE VI:
OTHER ELECTED OFFICIALS

Recorder and Assessor

The Assessor is elected. The Recorder-County Clerk is appointed by the CAO and serves in the Department of Governmental Services.

Recorder-County Clerk functions would be merged with those of the Assessor.

ARTICLE VII:
JUDICIAL BRANCH

ARTICLE VIII:
EDUCATION AND LIBRARIES

The Charter contains a number of provisions regarding the organization and operations of the courts, and of the school district and the community college district.

Material that need not be in the Charter relating to the courts and the school district and community college district would be removed. These provisions may be deleted because the City has very limited authority in this area, and the subjects are governed by preemptive state law. None of the changes to these areas would substantively affect the rights, powers and duties of existing authorities.

ARTICLE IX:
FINANCIAL PROVISIONS

Contains a great deal of detail regarding the budgetary process and financial procedures. In addition, it addresses procedures for incurring bonded indebtedness and mission-driven budget. Current

Some details relating to the budget process and form of budget would be removed from the Charter. Instead, the Board would be required to adopt ordinances regarding these procedures. The Board would gain

Current

Approval of a budget or appropriation that includes expenditures for a utility in excess of revenue requires a two-thirds vote of the Board.

Proposed

the authority to require City offices and departments to prepare multi-year budgets. A budget would have to include capital improvements and facilities maintenance plans. But basic provisions governing the City's budget process, including deadlines for adoption of the annual appropriations ordinance, the interim budget, and the budget would be retained.

The Board would be able to increase or decrease almost any appropriation in the proposed budget. However, in making changes, the Board could not go over the total amount proposed by the Mayor for expenditures from a particular funding source, such as the General Fund. The Mayor would continue to have the power to veto in whole or in part any appropriation approved by the Board.

The proposed revision would not make any substantive changes related to bonded indebtedness, although there would be some streamlining to make the provisions shorter and simpler. The revision would leave intact provisions related to the mission-driven budget.

The revision would not require a supermajority vote of the Board on a budget or appropriation for a deficit utility.

The requirement for Board approval of contracts for over 10 years or \$1 million would also be retained.

The Board of Supervisors would retain the authority to order an annual independent audit of the City's financial records, but the Board would also be required to create an audit committee of the Board to work with the auditors.

Current

Proposed

Current provisions of the Charter mandate particular allocations of tax revenues to children's services, library programs, open space acquisition and various cultural, educational and recreational activities.

Many current provisions of the Charter relating to fiscal matters would not be totally eliminated, but would be converted to ordinances and retained in the Administrative Code.

These provisions would be retained unchanged in the revision.

ARTICLE X:
PERSONNEL ADMINISTRATION

Recent charter amendment created a Department of Human Services, headed by a Director of Human Resources, who is appointed by the Mayor. Civil Service Commission now serves as an appellate body and no longer manages the Department of Human Services.

The proposed revision would not alter the basic structure or powers of the Department of Human Resources under the Director of Human Resources.

The proposed revision would provide for some additional civil service exempt positions.

Positions in all offices and departments in the City must be filled from lists of eligibles assembled by the Civil Service Commission, except where the position is made exempt from the merit selection process.

New exemptions would include: (1) supervisory and policy level personnel in the Mayor's Office and the City Administrator's Office, (2) chief deputies for all elected officials, (3) a commission secretary for each commission, (4) all heads of agencies and departments unless otherwise provided, (5) all uniformed and non-uniformed deputy heads of departments, and (6) police commanders and Fire Chief's aides. The ratio of exempt to non-exempt employees in the categories in the first list could not exceed the ratio that existed on July 1, 1994.

Current exemptions from civil service would be carried forward. No limit would apply to these positions.

Current

Proposed

The City makes "provisional" appointments to civil service positions where the City has not given an exam or prepared a list.

Provisional appointments would be limited to three years. Unless the Board of Supervisors extended their appointments, all current provisional employees would be terminated three years after the new Charter took effect. Provisional employees would be eligible for credit on civil service exams for permanent positions.

ARTICLE XI:
EMPLOYEE RELATIONS

The Charter establishes various rules and procedures for collective bargaining with City employee organizations, and contains rules for setting wages where collective bargaining does not apply.

The proposed revision would make no significant changes in these areas. However, many specific provisions would be moved to Appendix A of the proposed revision. As part of the Appendix, these provisions would still have the force and effect of charter law, and could only be changed by charter amendment.

ARTICLE XII:
EMPLOYEE RETIREMENT AND HEALTH SERVICE SYSTEM.

The Charter establishes various health and retirement benefits for City employees.

These provisions would be unchanged. However, many specific provisions, especially the details of various City pension plans, would be moved to Appendix A. These provisions could only be changed by charter amendment.

ARTICLE XIII:
ELECTIONS

Elections are conducted by the Registrar of Voters, who is appointed by the CAO. The Registrar exercises exclusive control over

The Director would propose election-related fees and charges to the Board of Supervisors for approval.

If there were more than two years left in the unexpired term of any elective officer, the appointed successor would have to stand for election at the next regular election.

ARTICLE XIV:
INITIATIVE, REFERENDUM AND RECALL

Includes extensive detail relating to elections.

The proposed revision would make no changes of substance, although there would be some streamlining to make the elections provisions shorter and simpler. A few of the elections provisions would be moved to the Administrative Code. The Board of Supervisors would also be required to adopt a local elections code.

ARTICLE XV:
ETHICS

Creates an Ethics Commission

Contains detailed prohibitions regulating conflicts of interest, many of which overlap but are not identical to State law.

Holding salaried offices with the City and with the state or federal government is prohibited.

The proposed revision would make no substantive changes regarding the Ethics Commission, although some procedural material would be moved to Appendix C where it could only be changed in the same manner as a charter provision.

Dual officeholding would be prohibited where the City and the state or federal salaries both exceed \$2,500 a year.

ARTICLE XVI:
MISCELLANEOUS PROVISIONS

Provisions governing utility and airport revenue funds, cable cars, the Academy of Sciences, and Charter-mandated allocations of property tax for the Art Commission, Asian Art Commission, Academy of Sciences, Fine Arts Museums, War Memorial, Library and Recreation and Parks, as well as Open Space, Library Preservation, and Children's Funds would be retained unchanged. The City's "transit-first" policy and dedication of revenues for public transit would also remain in the Charter.

The Board of Supervisors' authority to award franchises would be made explicit. Franchises would only be awarded pursuant to a competitive process, and could not be awarded for longer than 25 years.

Initiative ordinances and declarations of policy that currently are set forth in the appendices of the 1932 Charter would not be amended or altered by the adoption of the proposed revision. But those measures would be published in the City's codes rather than as part of the Charter. These measures would continue to be subject to amendment only by the voters.

ARTICLE XVII:
DEFINITIONS

A definition of "official misconduct" has been added. "Elector" has been defined as a person registered to vote, rather than merely eligible to vote. And the definition of prohibited discrimination has been expanded.

ARTICLE XVIII:
TRANSITION PROVISIONS

Sets operative date of new charter.

Prior law continues except where it is changed.

Includes a 90 day period for Board of Supervisors and Mayor to transfer functions from an agency that ceases to exist to successor agency.

Current

Proposed

Clerk of Board, CAO (City Administrator), Controller, General Manager of Department of Social Services, Secretary/General Manager of Retirement System would succeed to new positions with their old tenure. The term of the Chief Administrative Officer/City Administrator would be five years from his or her initial appointment.

All employees with civil service status in positions that became exempt from civil service under the new Charter would keep their civil service status, and the positions would not become exempt until after they left.

MEMORANDUM

TO: Select Committee On Charter Reform

FROM: Thomas J. Owen *TJO*
Deputy City Attorney

SUBJECT: Amendments To Second Draft

The following is an overview of the amendments to the Second Draft adopted by the Committee. Section numbers are given as they appeared in the Second Draft; some sections were re-numbered in the Third Draft. Numbers appearing in brackets refer to the amendments as they were numbered on the Committee calendars for May 31/June 1, June 8 and June 15.

ARTICLE I: THE CITY AND COUNTY

No amendments.

ARTICLE II: BOARD OF SUPERVISORS

Section 2.102 was amended to provide that persons appointed to fill vacancies in the Board of Supervisors must stand for election at the next regular election. This requirement would only apply where there were more than two years left in the appointee's term of office. [42]

Section 2.114 was amended to restore the current non-interference provisions governing the Board of Supervisors, with two exceptions. Under the amended language, it would not constitute prohibited interference for an individual member to testify on matters other than specific contract and personnel decisions at a public meeting of a City commission, or for the Board as a whole to adopt ordinances regarding matters other than specific contract and personnel decisions. [19]

Section 2.118, authorizing the Board of Supervisors to set compensation for boards and commissions, was deleted. The Board would still have the authority to set compensation by ordinance under the Board's residual powers. [7]

ARTICLE III: MAYOR

Section 3.100 was amended to restore the current language of the Charter requiring the Mayor to get the agreement of the Board of Supervisors as soon as is reasonably possible with respect to any declaration of emergency or emergency action taken by the Mayor. [15]

Section 3.100 was amended to restore the prohibition on appointment of deputy mayors. [46]

Section 3.100 was amended to clarify that the Board of Supervisors' approval of staffing in the Mayor's office was limited to funding decisions. [80]

Section 3.100 was amended to restore the language requiring the Mayor to devote his or her entire time and attention to the duties of the office, and barring the Mayor from devoting time or attention to any other occupation or business activity. [85]

Section 3.102 was amended to provide that a person elected by the Board of Supervisors to fill a vacancy in the office of Mayor must stand for election at the next regular election. This requirement would only apply where there were more than two years left in that person's term of office. [45]

Section 3.104 was amended to give the City Administrator responsibility for coordinating the issuance of bonds for capital improvements by City departments, with certain specified exceptions. [52]

Sections 3.105 and 9.103 were amended to consolidate and clarify provisions governing the Controller's authority over the expenditures and financial obligations of the City. [82]

ARTICLE IV: COMMISSIONS

Section 4.101 was amended to delete the one-year residency requirement for commissioners. Such a requirement would most likely be held unconstitutional by the courts. [3]

Section 4.101 was amended to clarify that all commission appointments shall reflect the diversity in ethnicity, race, age, and sexual orientation of the City. [95]

Sections 3.100, 4.102 and 4.109 were amended to give boards and commissions, rather than the Mayor, the authority to remove department heads. The Mayor may recommend removal of a department head to the commission, and the commission must act to fire or retain the department head within 30 days. The Chief of Police could still be removed by the Commission or the Mayor. [4]

Section 4.102 was amended to provide that boards and commissions would "approve" rather than "recommend" departmental budgets, subject to the Mayor's and the Board of Supervisors' final authority over the budget. [10]

Section 4.102 was amended to clarify that if the Mayor and the Board of Supervisors want to override departmental policy as set by the commission and the department head, the Mayor and the Board of Supervisors must adopt ordinances on the subject. [67]

Section 4.102 was amended to clarify the provisions barring commissions from interfering in the administration of the departments under them. Except for the purpose of inquiry, the commission must deal with the administration of the department solely through the department head. [89]

Section 4.104, regarding public meetings, was amended to change the term "executive sessions" to "closed sessions." This amendment does not change any of the substantive laws governing when public meetings may be closed. [57]

Section 4.105 was amended to change one sub-heading from "Zoning Variances" to "Zoning Administrator." This amendment does not change the effect of the law, but was intended to make it easier to locate the provisions creating the Zoning Administrator's position. [50]

Section 4.105 was amended to restore to the new Charter limitations on the Zoning Administrator's power to grant variances. Variances may only be granted in accordance with the general and specific rules of the Planning Code. [96]

Section 4.106 was amended to restore the Board of Appeals' authority to hear appeals of decisions and orders of the Zoning Administrator. [49]

Section 4.106 was amended to give the Board of Appeals authority to allow technical non-compliance with the terms of an ordinance. [81]

Section 4.110 was amended to give the Health Commission express authority over City hospitals, emergency medical services, and the general preservation, promotion and protection of the physical and mental health of the City. This amendment would not change the Commission's other powers and duties. [25]

Section 4.113 was amended to prohibit the Recreation and Park Department from building or expanding any structure in Union Square without approval of the Board of Supervisors by a two-thirds vote. [63]

Section 4.113 was amended to restore current language giving the Department of Parking and Traffic authority over garages built under park property. The amendment does not change the requirement that both the Recreation and Park Commission and the Board of Supervisors approve building such garages in the first place. [92]

Section 4.119, which would have established a separate Commission on Housing and Economic Development, was deleted. [21]

If the Board does not approve an extension, all current provisional appointments will expire three years after new Charter takes effect. The amendment also provides that all positions that were civil service exempt under the 1932 Charter would be exempt under the new Charter. [37]

The Mayor proposes an annual budget within specified time frames. The Board of Supervisors can only reduce items in the proposed budget except capital, and requires mission-based budget (goals, plans, services to be provided and priorities). Requires an interim and final Annual Appropriation Ordinance.

The Mayor would propose the budget and the Board of Supervisors would be able to increase or decrease the budget as long as there is no overall increase to total spending within each fund. The Charter would also require additional multi-year capital budget information and timelines which are to be set by ordinance. The dates by which Board must adopt annual budgets and interim budgets are not changed.

Mayoral Veto

The Mayor can line item veto with a possible Board of Supervisors override by a two-thirds vote.

Proposed Charter

This section is substantially the same. The new Charter broadens the City's "transit first" policy to apply to other Departments. The new Charter also makes explicit the Board of Supervisors authority to grant and regulate franchises, and limits franchises to 25 years duration.

Article XVII: Definitions

Provides definitions of terms including "business day", "discrimination" and "elector".

The definitions would not change in the proposed Charter, except for the addition of "Domestic partners," defined as those persons registered pursuant to the Domestic Partner ordinance, and defines "official misconduct," as "any wrongful behavior by a public officer in relation to the duties of office," and any refusal or neglect of the duties of office. This section expands the Charter's human rights provisions to provide for non-discrimination based on parental status, domestic partnership, and gender identity.

Memo to Select Committee on Charter Reform
July 11, 1995 Select Committee on Charter Reform Meeting

**Effect on the Cost
of Government:**

The Controller reports that the proposed new Charter would neither increase nor decrease the cost to City government.

Comments:

1. The proposed consolidation of the Real Estate Department, Purchasing Department and the Department of Electricity and Telecommunications into the Department of Administrative Services could result in savings to the City if various administrative positions and functions are merged and positions are eliminated. Creation of the proposed Department of the Environment could also result in savings to the City if administrative positions and functions related to environmental functions now assigned to various City departments are merged and positions are eliminated.

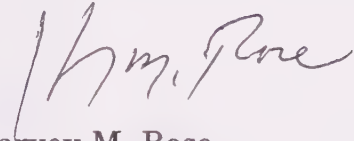

2. Article XVIII, Section 18.110 of the proposed new Charter, establishes a procedure which could make all provisional City employees permanent within three years after passage of the proposed Charter. Becoming permanent requires Civil Service to conduct an exam and the incumbent to pass the exam. There would be a cost to the City in providing retirement benefits to such permanent employees which are not provided to provisional employees.

According to the Department of Human Resources, there are approximately 2,270 provisional City employees. As a rough estimate, at an average annual salary of \$50,000 and the City's FY 1995-96 retirement contribution rate of 4.98 percent, the annual increased cost to the City to make these provisional employees permanent would be approximately \$5,652,300 (2,270 employees x \$50,000 average salary x 4.98% retirement contribution rate). According to Mr. Wendell Pryor of the Department of Human Resources, it is the policy of the Civil Service Commission to conduct exams, and to maintain current lists of eligibles in a timely manner to limit the number of provisional employees. Thus, even if the proposed new Charter were not approved by the voters, the City would incur increased costs associated with making provisional employees permanent, as well as some savings associated with decreasing the Departmental time and effort involved in provisional hiring processes.

3. There are currently 24 commissions and boards with a total of 234 members in the City and County of San Francisco. Of those, ten do not receive any form of compensation. Of the remaining 14 boards and commissions, ten receive \$1,200 annually, two receive \$15 per meeting, and two receive \$25 per meeting. The total cost to the City for these commissioners' compensation is approximately \$105,000 annually. The new Charter deletes these specified compensation levels and provides that compensation for commissioners would be set by ordinance.

4. The proposed new Charter continues to provide for Patrol Special Police Officers (PSOs), as exist in the current Charter. PSOs receive Police Officer training and work at special beats or territories as fixed by the Police Commission. The proposed new Charter would provide that the Police Commission sets policy regarding PSOs and would provide that PSOs are subject to the same inquiry process under the Office of Citizen Complaints as is the case for regular Police Officers.

Preamble

In order to obtain the full benefit of home rule granted by the Constitution of the State of California; to improve the quality of urban life; to encourage the participation of all persons and all sectors in the affairs of the City and County; to enable municipal government to meet the needs of the people effectively and efficiently; to provide for accountability and ethics in public service; to foster social harmony and cohesion; and to assure equality of opportunity for every resident:

We, the people of the City and County of San Francisco, ordain and establish this Charter as the fundamental law of the City and County.

Article I: Existence and Powers of the City and County

SEC. 1.100. NAME AND BOUNDARIES.

The City and County of San Francisco shall continue as a consolidated city and county with such boundaries as are prescribed by law, pursuant to this Charter and the laws of the State of California.

SEC. 1.101. RIGHTS AND POWERS.

The City and County of San Francisco may make and enforce all ordinances and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in this Charter. The City and County may make and enforce within its limits all local police, sanitary and other ordinances and regulations. The City and County may appear, sue and defend in all courts in all matters and proceedings.

All rights and powers of a city and county which are not vested in another officer or entity by this Charter shall be exercised by the Board of Supervisors.

Article II: Legislative Branch

SEC. 2.100. COMPOSITION AND SALARY.

The Board of Supervisors shall consist of eleven members elected at large. Members of the Board shall be paid a salary of \$23,924.

SEC. 2.101. TERM OF OFFICE.

Each member of the Board of Supervisors shall be elected at a general election and shall serve a four-year term commencing on the eighth day in January following election and until a successor qualifies. The respective terms of office of the members of the Board of Supervisors in effect on the date this Charter is adopted shall continue.

No person elected or appointed as a Supervisor may serve as such for more than two successive four-year terms. Any person appointed to the office of Supervisor to complete in excess of two years of a four-year term shall be deemed, for the purpose of this section, to have served one full term. No person having served two successive four-year terms may serve as a Supervisor, either by election or appointment, until at least four years after the expiration of the second successive term in office. Any Supervisor who resigns with less than two full years remaining until the expiration of the term shall be deemed, for the purposes of this section, to have served a full four-year term.

SEC. 2.102. VACANCIES.

If a vacancy shall exist on the Board of Supervisors because of the death, resignation, permanent disability or the inability of a member to otherwise carry out the responsibilities of the office, the Mayor shall appoint a qualified successor. Should more than 29 months remain in the unexpired term, the appointee shall serve until the next general municipal or statewide election occurring not less than 120 days after the appointment, at which time an election shall be held to fill the unexpired term.

SEC. 2.103. MEETINGS.

The Board of Supervisors shall meet at the legislative chambers in City Hall at 12:00 noon on the eighth day in January in each odd-numbered year. Thereafter, regular meetings shall be held on such dates and at such times as shall be fixed by resolution. Special meetings shall be called in the manner established by the Board of Supervisors. With proper public notice, as prescribed by ordinance, the Board of Supervisors or Board committees may hold meetings in locations other than City Hall.

SEC. 2.104. QUORUM.

The presence of a majority of the members of the Board of Supervisors at a regular or special meeting shall constitute a quorum for the transaction of business. In the absence of a quorum, a smaller number of members may compel the attendance of absent members in the manner and under the penalties established by the Board of Supervisors.

The Board of Supervisors shall act by a majority, two-thirds, three-fourths, or other vote of all members of the Board. Each member present at a regular or special meeting shall vote "yes" or "no" when a question is put, unless excused from voting by a motion adopted by a majority of the members present.

SEC. 2.105. ORDINANCES AND RESOLUTIONS.

The Board of Supervisors shall meet and transact its business according to rules which it shall adopt.

The Board of Supervisors shall act only by written ordinance or resolution, except that it may act by motion on matters over which the Board of Supervisors has exclusive jurisdiction. All legislative acts shall be by ordinance. An ordinance or resolution may be introduced before the Board of Supervisors by a member of the Board, a committee of the Board or the Mayor, and shall be referred to and reported upon by an appropriate committee of the Board. An ordinance or resolution may be prepared in committee and reported out to the full Board for action, consistent with the public notice laws of the City. Except as otherwise provided in this Charter, passage of an ordinance or a resolution shall require the affirmative vote of a majority of the members of the Board.

An ordinance shall deal with only one subject matter, except that appropriations ordinances may cover appropriations with respect to any number of subjects. The title of each ordinance shall clearly reflect the content of the ordinance.

Except as otherwise provided in Section 2.107, passage of an ordinance shall require two readings at separate meetings of the Board of Supervisors, which shall be held at least five days apart. If an ordinance is amended at its second reading, the ordinance shall require a further reading prior to final passage. Resolutions shall require only one reading and may be adopted upon introduction without reference to committee by unanimous affirmative vote of the members of the Board of Supervisors who are present, but in no event less than a quorum.

All ordinances shall take effect no sooner than 30 days following the date of passage except for ordinances not subject to referendum and those authorizing bonded indebtedness and lease financings, which shall take effect immediately. Ordinances granting franchises shall take effect no sooner than 60 days after passage. No ordinance granting a franchise may be passed within 90 days of its introduction. Resolutions may take effect immediately upon passage, or at such other time as shall be specified in the resolutions.

SEC. 2.106. VETO OVERRIDE.

The Board of Supervisors may enact an ordinance or resolution which has been vetoed by the Mayor pursuant to Section 3.103 if, within 30 days after such veto, not less than two-thirds of the Board of Supervisors shall vote in favor of such measure, except as provided in Section 9.104. If a larger vote is required for the adoption of the measure by provisions of this Charter, such larger vote shall be required to overcome the veto of the Mayor.

SEC. 2.107. EMERGENCY ORDINANCES.

An emergency ordinance may be passed in cases of public emergency affecting life, health, property, or for the uninterrupted operation of any City or County department or office required to comply with time limitations as established by law. Emergency ordinances shall require only one reading, and the affirmative vote of two-thirds of the Board of Supervisors shall be required for the passage of an emergency ordinance.

The form and manner of introduction of an emergency ordinance shall be as required for ordinances generally. In addition, an emergency ordinance shall contain:

1. A declaration setting forth the existence of the emergency;
2. A clear and concise description thereof; and
3. An explanation of how the measures in the ordinance will address the emergency.

An emergency ordinance shall be effective upon passage and shall automatically terminate on the 61st day following passage. An emergency ordinance may be reenacted upon the same terms and conditions applicable to its initial enactment. Any appropriation contained in an emergency ordinance shall be deemed to be an amendment to the final appropriations ordinance.

An emergency ordinance may suspend specific sections of this Charter, but may not: levy taxes; grant, renew or extend a franchise; regulate the rate charged by any public utility for its services; set salaries; issue bonds; or buy, sell or lease land.

SEC. 2.108. PUBLIC'S RIGHT TO KNOW.

The Board of Supervisors shall adopt and maintain a Sunshine Ordinance to liberally provide for the public's access to their government meetings, documents and records.

The Clerk of the Board of Supervisors shall keep a permanent public record of the proceedings of the Board showing all action considered and taken, the text of ordinances and resolutions voted upon and the vote of each member of the Board regarding any matter before the Board. The Clerk of the Board shall cause the text of all ordinances or resolutions passed by the Board to be readily available to the public.

SEC. 2.109. RATES, FEES AND SIMILAR CHARGES.

Within 30 days of submission by the Mayor, the Board of Supervisors shall approve by ordinance or reject any rate, fee or similar charge to be imposed by any department, official, board or commission, except those rates, fees and similar charges established by the Port or Airport Commissions, or under the Refuse Collection and Disposal Ordinance of November 8, 1932, as amended.

SEC. 2.110. SALE OR LEASE OF REAL PROPERTY.

Any lease of real property for a period of ten or more years, including options to renew, under which the City and County is a lessor, and any sale or other transfer of real property owned by the City and County, shall be approved by resolution of the Board of Supervisors, prior to such lease or sale. Leases of property under the jurisdiction of the Port Commission for maritime use shall be exempt from the requirements of this section.

SEC. 2.111. ABANDONMENT OF TRANSIT ROUTES.

Any abandonment of a transit route by any department of the City and County shall be reviewed for approval or rejection by the Board of Supervisors in a manner prescribed by ordinance.

SEC. 2.112. FIDELITY BONDS.

The Board of Supervisors shall determine which officials of the City and County shall be required to post fidelity bonds and the respective amounts of any such bonds. An annual review of bonding requirements shall be conducted by the Board of Supervisors.

SEC. 2.113. LEGISLATIVE INITIATIVE.

The Board of Supervisors, or four or more members, may submit to the voters declarations of policy, and any matter which the Board of Supervisors is empowered to pass.

Upon approval by the voters, the Board of Supervisors shall within 90 days of such approval take such actions within their powers as shall be necessary to carry such declarations of policy into effect. A special municipal election shall not be called with respect to a declaration of policy.

SEC. 2.114. NON-INTERFERENCE IN ADMINISTRATION.

Except for the purpose of inquiry, the Board of Supervisors shall deal with the administrative service for which the City Administrator is responsible solely through such officer, and for administrative or other functions for which elective officials or boards or commissions are responsible solely through the elective official, the board or commission or the chief executive officer of such board or commission concerned, or their designees.

Neither the Board of Supervisors, its committees, nor any of its members, shall have any power or authority, nor shall they dictate, suggest or interfere with respect to any appointment, promotion, compensation, disciplinary action, contract or requisition for purchase or other administrative actions or recommendations of the City Administrator or of department heads under the City Administrator or under the respective boards and commissions. The Board of Supervisors shall deal with administrative matters only in the manner provided by this Charter, and any dictation, suggestion or interference herein prohibited on the part of any Supervisor shall constitute official misconduct; provided, however, that nothing herein contained shall restrict the power of hearing and inquiry as provided in this Charter.

Notwithstanding any other provisions of this section, it shall not constitute prohibited interference for a member of the Board of Supervisors to testify regarding administrative matters other than specific contract and personnel decisions at a public meeting of a City board, commission, task force or other appointive body, or for the Board of Supervisors to adopt legislation regarding administrative matters other than specific contract and personnel decisions.

Violation of this section shall constitute official misconduct.

SEC. 2.115. FINANCIAL AUDIT.

The Board of Supervisors shall select a firm or firms of independent accountants to audit and report upon the annual financial statements of the City and County.

SEC. 2.116. PRESIDENT OF THE BOARD OF SUPERVISORS.

At its regular meeting on the eighth day of January in odd-numbered years, the position of President of the Board of Supervisors shall be assumed by the member who received the highest number of votes at the last preceding Supervisorial election. If a vacancy in the office of President of the Board of Supervisors shall occur prior to the end of the term, the Board of Supervisors shall elect one of its members to fill the unexpired portion of the term. The President shall preside at all meetings, appoint all standing and special committees, assign legislation to committees, and have such other powers and duties as may be assigned by the Board of Supervisors.

SEC. 2.117. OFFICES OF THE BOARD OF SUPERVISORS.

Each member of the Board of Supervisors shall have two staff members pursuant to Section 10.104. The Board of Supervisors shall appoint a Clerk of the Board. The Clerk of the Board shall have charge of the office and records of the Board and its committees and its classified staff. The Clerk shall keep a public record of the proceedings of the board as provided by Section 2.108 of this Charter and shall keep properly indexed files of all ordinances and resolutions. The Clerk shall be responsible for the publication, as required by law, of ordinances, resolutions and other matters acted on by the Board for which publication is specified. The Clerk shall have such other duties and responsibilities as the Board of Supervisors may prescribe.

The Board of Supervisors shall appoint and may remove a Budget Analyst and such appointment shall be made solely on the basis of qualifications by education, training and experience for the position to be filled. The Budget Analyst shall be responsible for such duties as the Board of Supervisors shall prescribe.

Article III: Executive Branch-Office of Mayor

SEC. 3.100. POWERS AND RESPONSIBILITIES.

The Mayor shall be the chief executive officer and the official representative of the City and County, and shall serve full time in that capacity. The Mayor shall devote his or her entire time and attention to the duties of the office, and shall not devote time or attention to any other occupation or business activity. The Mayor shall enforce all laws relating to the City and County, and accept service of process on its behalf.

The Mayor shall have responsibility for:

1. General administration and oversight of all departments and governmental units in the executive branch of the City and County;
2. Coordination of all intergovernmental activities of the City and County;

3. Receipt and examination of complaints relating to the administration of the affairs of the City and County, and timely delivery of notice to the complainant of findings and actions taken;

4. Assurance that appointees to various governmental positions with the City and County are qualified and are as representative of the communities of interest and diverse population of the City and County as is reasonably practicable, and are representative of both sexes;

8. Preparation of and introduction to the Board of Supervisors of supplemental appropriations.

The Mayor shall have the power to:

9. Speak and be heard with respect to any matter at any meeting of the Board of Supervisors or any of its committees, and shall have a seat but no vote on all boards and commissions appointed by the Mayor;

10. As provided in Section 3.103 of this Charter, veto any ordinance or resolution passed by the Board of Supervisors;

11. Subject to the fiscal provisions of this Charter and budgetary approval by the Board of Supervisors, appoint such staff as may be needed to perform the duties and carry out the responsibilities of the Mayor's office, provided that no member of the staff shall receive a salary in excess of seventy percent of that paid the Mayor. For purposes of this provision, staff does not include the City Administrator, department heads or employees of departments placed under his or her direction by Section 3.104. Notwithstanding any other provisions or limitations of this Charter to the contrary, the Mayor may not designate nor may the City and County employ on the Mayor's behalf any person to act as deputy to the Mayor or any similar employment classification, regardless of title, whose responsibilities include but are not necessarily limited to supervision of the administration of any department for which the City Administrator, an elected official other than the Mayor or an appointed board or commission is assigned responsibility elsewhere in this Charter;

12. Designate a member of the Board of Supervisors to act as Mayor in the Mayor's absence from the state or during a period of temporary disability;

13. In the case of an emergency threatening the lives, property or welfare of the City and County or its citizens, the Mayor may direct the personnel and resources of any department, command the aid of other persons, and do whatever else the Mayor may deem necessary to meet the emergency;

In meeting an emergency, the Mayor shall act only with the concurrence of the Board of Supervisors, or a majority of its members immediately available if the emergency causes any member of the Board to be absent. The Mayor shall seek the Board's concurrence as soon as is reasonably possible in both the declaration of an emergency and in the action taken to meet the emergency. Normal notice, posting and agenda requirements for the Board of Supervisors shall not be applicable to the Board's actions pursuant to these provisions;

14. Make an appointment to fill any vacancy in an elective office of the City and County until a successor shall have been elected;

15. Submit to the voters a declaration of policy or ordinance on any matter on which the Board of Supervisors is empowered to pass;

16. Have and exercise such other powers as are provided by this Charter or by law for the chief executive officer of a City and County;

17. Unless otherwise specifically provided, make appointments to boards and commissions which shall be effective immediately and remain so, unless rejected by the Board of Supervisors within 30 days following transmittal of Notice of Appointment. The Notice of Appointment shall include the appointee's qualifications to serve and a statement how the appointment represents the communities of interest, neighborhoods and diverse populations of the City and County;

18. Appoint department heads subject to the provisions of this Charter; and

19. Prepare and submit schedule of rates, fees and other similar charges to the Board of Supervisors.

SEC. 3.101. TERM OF OFFICE.

The Mayor shall serve a four-year term. No person shall serve as mayor for more than two successive terms. A part of a term that exceeds two years shall count as a full term. There shall be no limit on the non-successive terms that a person may serve.

SEC. 3.102. VACANCIES.

If the Mayor is absent from the state or temporarily disabled without designating an Acting Mayor, the President of the Board of Supervisors shall act as Mayor until such time as the Mayor shall return to office.

If the Office of Mayor should become vacant because of death, resignation, permanent disability or the inability to carry out the responsibilities of the office, the President of the Board of Supervisors shall become Acting Mayor and shall serve until a successor is elected by the Board of Supervisors. As used herein, "maintenance" means salaries and equipment attributable to any work on an existing facility or on real property which does not result in a physical net increase in usable square footage, use or programs, implementation of the community gardens policy of the Plan, implementation of the urban forestry policy set forth in the Plan, and includes the sustained maintenance and volunteer coordination program mandated in subsection (f). The remainder of the Fund ("Remainder of the Fund") shall be allocated according to the following schedule:

1. Acquisition And Development. At least 40 percent of the Remainder of the Fund shall be allocated for the acquisition and development of real property. In allocating funds between acquisition and development, it shall be the policy of the Recreation and Park Department particularly to pursue acquisition at the beginning of the 15-year program created by this section, in order to take full advantage of short-term opportunities to acquire properties before their values increase.

As used herein, "acquisition" includes, but is not limited to, purchase, lease, exchange, eminent domain, permission for use and any other right, whether revocable or not, to use real property, or any interest therein or improvement or development rights thereon, for recreational purposes; provided that notwithstanding anything herein to the contrary, no acquisition of less than fee simple title may be for a term of less than ten years.

As used herein, "development" includes, but is not limited to, designing specific parks or facilities for which monies have been allocated for acquisition and development under this subsection, establishment of trails, implementation of the community gardens policy of the Plan, implementation of the urban forestry policy set forth in the Plan, and establishment and funding of recreational programs other than after school recreation programs in high need areas as defined in the Plan; provided that in any given year no more than five percent of the Remainder of the Fund may be used for such recreational programs.

2. Renovation. At least 15 percent of the Remainder of the Fund shall be allocated for renovation. As used herein, "renovation" means salaries and equipment attributable to any work on any existing facility or real property under the jurisdiction of the Recreation and Park Commission which results in a physical net increase in usable square footage, use or programs.

3. Maintenance And Administration. Up to 25 percent of the Remainder of the Fund shall be allocated for maintenance of real property and recreational facilities acquired pursuant to this subsection subsequent to 1990-1991; for programs other than those specified in paragraph (4) of this subsection; and for administration of the Fund. Monies allocated pursuant to this subsection may be used for the maintenance of recreational facilities on real property under the jurisdiction of any City agency that has made it available for use as a recreational facility.

As used herein, "maintenance" means salaries and equipment attributable to any work on any existing facility or on real property which does not result in a physical net increase in usable square footage, use or programs, implementation of the community gardens policy of the Plan, implementation of the urban forestry policy set forth in the Plan, and includes a sustained maintenance and volunteer coordination program.

4. After-School Recreation Programs. Twenty percent of the Remainder of the Fund shall be used for the operation of after school recreation programs.

5. Banking Of Funds. Monies may be allocated under any paragraph of this subsection to be set aside for expenditure on specifically identified projects in future years; however, such monies shall not count against any allocation required by this subsection. If such monies are not spent on the project for which they were set aside, they shall be returned to the Fund and be reallocated consistent with this subsection.

6. Annual Transfer And Adjustment Of Allocations. In any given year, 15 percent of the remainder of the Fund may be transferred from Acquisition and Development to Renovation, if such transfer is necessary to take advantage of a special, one-time renovation opportunity that will result in savings which would otherwise not be possible. In any given year, seven and one-half percent of the Remainder of the Fund may be transferred from Renovation to Acquisition and Development if such transfer is necessary to take advantage of a special, one-time Acquisition or Development opportunity, that will result in savings which would otherwise not be possible. However, such transfers may not result in the inconsistency of any five-year average of allocations for either Acquisition and Development or Renovation with the provisions of paragraphs (a) or (b) of this subsection. Any adjustments pursuant to this paragraph, and their consequences on any five-year average of allocations, must be included in the annual report.

7. Five Year Renovation And Maintenance Plans. The Park and Open Space Advisory Committee shall recommend, and the Recreation and Park Commission shall adopt, five-year plans for Acquisition and Development, Renovation and Maintenance, which shall implement the plan and programs, and with which expenditures under this subsection shall be consistent.

These plans shall be updated annually, except that they should not be amended or updated as part of the annual budget process.

8. Reversion Of Uncommitted Funds. Notwithstanding any other provisions of this section, any funds set aside pursuant to this subsection that are not allocated at the end of any fiscal year, together with accrued interest, shall be carried forward to the next fiscal year and shall be appropriated by the Board of Supervisors for any of the purposes enumerated in this section.

9. Prohibition Of Reallocation Of Fund. Except as specifically and explicitly permitted in subsection (d)(6), the allocation of the Fund may not be amended, adjusted or changed.

(e) The Planning Commission and Recreation and Park Commission shall hold at least one joint public hearing annually at which they shall receive and review an annual report from the General Manager of the Recreation and Park Department on the implementation of this section and the acquisition, development, renovation and maintenance of open space and recreational facilities, and the funding of after-school and other recreation programs during the preceding year.

The annual report shall, at a minimum, include the following information:

1. The amount of monies and percentage of the Fund allocated and spent in each of the allocation categories set forth in subsection (d);
2. The projects, on a site-by-site basis that were undertaken or paid for, in part or in whole, with monies from the Fund;
3. For each project, the total cost and percentage of the total cost that was spent for design, construction and management; and,
4. For each project, the time between the date funds became available and the date the project was completed, or if not completed, the percentage of completion at the time of the report and the anticipated date of completion.

(f) Sustained Maintenance And Volunteer Coordination Program. In order to better fulfill the goals and purposes of the Plans and Programs and of this section by reducing ongoing and future maintenance costs, the Recreation and Park Department shall use monies allocated pursuant to paragraph (3) of subsection (d) to:

1. Prepare written guidelines for the design of new parks and open spaces and the renovation or rehabilitation of existing parks and open spaces which require low maintenance, ecological appropriateness (i.e. use of native species, low water usage), and self-sustaining landscapes and landscaping; and

2. Establish and fund an office of volunteer coordination which will organize, train and coordinate a City-wide volunteer program to assist City residents and gardeners in the maintenance, supervision and clean-up of parks, playgrounds and open spaces.

(g) Park And Open Space Advisory Committee. The Fund shall be administered by the Recreation and Park Commission with the advice of the Park and Open Space Advisory Committee. As part of the allocation process for the first year after this section takes effect, the Committee and the Recreation and Park Department shall adopt a five-year plan for allocation of the Fund in compliance with subsection (d). This five year plan shall be updated for another year during each subsequent annual allocation process.

The Committee shall consist of 23 members, each appointed to a two-year term, as follows:

1. One member appointed by the Mayor;
2. One member appointed by each Supervisor and approved by the Board of Supervisors; and
3. A second member appointed by each Supervisor, and approved by the Board of Supervisors, from a list of individuals representing citizens' organizations which have as a major goal the preservation and enhancement of San Francisco's parks, open space and natural environment; persons on this list shall be nominated only by a qualifying organization.

The Committee shall choose its own chair, and establish its own rules of order. A quorum shall be a majority of the members of the Committee.

The Committee shall hold regularly scheduled meetings. The Committee shall send a schedule of all Committee meetings for the calendar year to any person who so requests in writing.

Monies therein shall be expended or used solely to provided expanded services for children as provided in this section.

(b) There is hereby set aside for the Fund, from the revenues of the property tax levy, revenues in an amount equivalent to an annual tax of one and one-quarter cents (\$.0125) per one hundred dollars (\$100) of assessed valuation for the first fiscal year which begins 90 days or more after the election which approves this section, and revenues equivalent to an annual tax of two and one half cents (\$.025) per one hundred dollars (\$100) of assessed valuation for each of the following nine fiscal years. The Treasurer shall

set aside and maintain such amount, together with any interest earned thereon, in the Fund, and any amounts unspent or uncommitted at the end of any fiscal year shall be carried forward to the next fiscal year and, subject to the budgetary and fiscal limitations of this Charter, shall be appropriated then or thereafter for the purposes specified in this section.

(c) Monies in the Fund shall be used exclusively to provide services to children less than 18 years old, above and beyond services funded prior to adoption of this section. To this end, monies from the Fund shall not be appropriated or expended to fund services provided during fiscal year 1991-1992, whether or not the cost of such services increases, or appropriated or expended for services which substitute for or replace services provided during fiscal years 1990-1991 or 1991-1992, except and solely to the extent of services for which the City ceases to receive federal, state or private agency funds, which the funding agency required to be spent only on the services in question.

(d) Services for children eligible for Fund assistance shall include only child care; job readiness, training and placement programs; health and social services (including pre-natal services to pregnant adult women); education programs; recreation; delinquency prevention; and library services, in each case for children.

Services for children paid for by the Fund shall not include:

1. For example, and not for purposes of limitation, services provided by the Police Department or other law enforcement agencies; by courts, the District Attorney, Public Defender or City Attorney; by the Fire Department; detention or probation services mandated by state or federal law; or public transportation;
2. Any service which benefits children incidentally or as members of a larger population including adults;
3. Any service for which a fixed or minimum level of expenditure is mandated by state or federal law, to the extent of the fixed or minimum level of expenditure;
4. Acquisition of any capital item not for primary and direct use by children;
5. Acquisition (other than by lease for a term of ten years or less) of any real property; or
6. Maintenance, utilities or any similar operating costs of any facility not used primarily and directly by children, or of any recreation or park facility (including a zoo), library facility, or hospital.

(e) During each fiscal year, a minimum of 25 percent of such funds shall be used for child care, a minimum of 25 percent for job readiness,

training and placement, and a minimum of 25 percent for health and social services for children (including pre-natal services for pregnant adult women). Beginning with the fifth fiscal year during which funds are set aside under this section, the Board of Supervisors may modify or eliminate these minimum requirements.

No later than December of each calendar year, the Mayor shall prepare and present to the Board of Supervisors a Children's Services Plan. The Plan shall propose goals and objectives for the Fund for the fiscal year beginning the following July 1, propose expenditures of monies from the Fund for the fiscal year beginning the following July 1 and designate the City department which would administer the funded programs. In connection with preparation of the Plan, and prior to the date required for presentation to the Board of Supervisors, the Health Commission, Juvenile Probation Commission, Human Services Commission, Recreation and Parks Commission and Public Library Commission shall each hold at least one public hearing on the Plan. Joint hearings may be held to satisfy this requirement. Any or all of the commissions may also hold additional hearings before or after presentation of the Plan.

(g) The Fund shall be used exclusively to increase the aggregate City appropriations and expenditures for those services for children which are eligible to be paid from the Fund (exclusive of expenditures mandated by state or federal law). To this end, the City shall not reduce the amount of such City appropriations for eligible services (not including appropriations from the Fund and exclusive of expenditures mandated by state or federal law) in any of the ten years during which funds are required to be set aside under this section below the higher of the amount so appropriated for the fiscal year 1990-1991 or the amount so appropriated for the fiscal year 1991-1992, in either case as adjusted. Not later than three months after the election which approves this section, the Controller shall calculate and publish the applicable base amount, specifying by department and program each amount included in the base amount. The base amount shall be adjusted for each year after the base year, based on calculations consistent from year to year, by the percentage increase or decrease in aggregate City appropriations from the base year, as estimated by the Controller. Errors in the Controller's estimate of appropriations for a fiscal year shall be corrected by an adjustment in the next year's estimate. For purposes of this subsection, aggregate City appropriations shall not include funds granted to the City by private agencies or appropriated by other public agencies and received by the City. Within 90 days following the end of each fiscal year through 2001-2002, the Controller shall calculate and publish the actual amount of City appropriations for services for children which are eligible to be paid from the Fund (exclusive of expenditures mandated by state or federal law).

SEC. 16.109. LIBRARY PRESERVATION FUND.

(a) There is hereby established a fund for libraries, which shall be called the Library Preservation Fund and shall be maintained separate and apart from all other City and County funds and appropriated by annual or

supplemental appropriation pursuant to this Charter. Monies therein shall be expended or used exclusively by the Library Department solely to provide library services and materials and to operate library facilities in accordance with this section.

(b) So long as the Library Preservation Fund exists as provided in this section, the following requirements shall apply:

1. The Library Department shall operate no fewer than 26 branch libraries, a main library and a library facility for the blind (which may be at a branch or main library);

2. Not later than November 1, 1994, at least one public hearing shall be held at the main and each branch library, which at least one library commissioner shall attend and which shall receive the results of a survey of users' preferences as to the facility's operating hours;

3. Effective no later than January 1, 1995, the Library Commission shall establish service hours for the main and each branch library, which shall not be reduced during the five years beginning January 1, 1995; total annual average service hours shall be at least 1028 hours per week (that is, a level approximating the total service hours during fiscal year 1986-1987);

4. The public hearing process specified in paragraph 2 shall be repeated at five year intervals, being completed no later than November 1 of the year in question; and

5. Following the subsequent public hearings, the Library Commission may modify the individual and aggregate service hours established under paragraph 3, for the five-year period beginning January 1, 2000 or January 1, 2005 respectively, based on a comprehensive assessment of needs and the adequacy of library resources.

Increasing library hours throughout the system and acquiring books and materials shall receive priority in appropriating and expending fund monies to the extent the funds are not needed to meet the preceding requirements of this subsection. Any requirement of this subsection may be modified to the extent made necessary by a fire, earthquake or other event which renders compliance with the requirement impracticable.

(c) There is hereby set aside for the Library Preservation Fund, from the revenues of the property tax levy, revenues in an amount equivalent to an annual tax of two-and-one-half cents (\$0.025) per one hundred dollars (\$100) of assessed valuation for each of the fifteen fiscal years beginning with fiscal year 1994-1995. The Treasurer shall set aside and maintain such amount, together with any interest earned thereon, in the Fund, and any amount unspent or uncommitted at the end of any fiscal year shall be carried forward to the next fiscal year and, subject to the budgetary and fiscal limitations of this Charter, shall be appropriated then or thereafter solely for the

purposes specified in this section. The Fund shall be in addition to any other funds set aside for libraries.

(d) The Fund shall be used to increase the aggregate City appropriations and expenditures for services, materials and operation of facilities provided by the Library Department. To this end, the City shall not reduce the amount of City appropriations for the Library Department (not including appropriations from the Library Preservation Fund) in any of the fifteen years during which funds are required to be set aside under this section below the amount so appropriated, including appropriations from the Children's Fund pursuant to this Charter and including all supplemental appropriations, for the fiscal year 1992-1993, adjusted as provided below. The base amount shall be adjusted for each fiscal year after 1992-1993 based on calculations consistent from year-to-year, by the percentage increase or decrease in aggregate City appropriations for all purposes from the base year as estimated by the Controller. Errors in the Controller's estimate of appropriations for a fiscal year shall be corrected by adjustment in the next year's estimate. For purposes of this subsection, (i) aggregate City appropriations shall not include funds granted to the City by private agencies or appropriated by other public agencies and received by the City, and (ii) Library Department appropriations shall not include funds appropriated to the Library Department to pay for services of other City departments or agencies, except for departments or agencies for whose services the Library Department was appropriated funds in fiscal year 1993-1994. Within 90 days following the end of each fiscal year through fiscal year 2008-2009, the Controller shall calculate and publish the actual amount of City appropriations for the Library Department.

In determining the amounts to be credited to the off-street parking fund as set forth in subparagraphs (1) and (2) above, sufficient revenues shall be credited to such fund to ensure adequate funding for the purposes for which such fund was created, including without limitation the following: capital outlays for the acquisition of property, construction, completion, and leasing of public parking lots, storage space, garages, structures, and other off-street parking facilities; maintenance and operation of such parking facilities; public works improvements that increase the supply of on-street parking; engineering and construction of on-street parking bays in parking meter districts in neighborhood commercial districts; installation and maintenance of on- and off-street parking meters; and the administration of the parking programs of the City and County.

The Treasurer shall set aside and maintain said amounts, together with any interest earned thereon, in a special fund, and any amounts unspent or uncommitted at the end of any fiscal year shall be carried forward to the next fiscal year and, subject to the budgetary and fiscal limitations of the Charter, shall be appropriated then or thereafter for the purposes specified in this section.
